Treatment of an Animal by a Horse Trader.

The Animal Left by the Roadside to Die—Will be Arrested.

A couple of days ago a report reached Howard Hanthorn, agent for the Ohio Humane Society, that a horse trader had abandoned a sick horse near Yoder, a small station about ten miles southeast of this city, leaving the animal lying at the roadside without water or food.

Hanthorn drove to Yoder yesterday afternoon, and learned from some parties living near the place that the trader's name was Al Sharrod, who lives in Anguila county, just below the county line. They stated that Sharrod traded for the horse in this city on last Saturday and drove it as far as Yoder where the animal felt exhausted. Instead of killing the creature the man kicked it in the head several times and, borrowing a pair of pliers from a blacksmith, pulled the shoes from the animal's hoofs, and continued his journey leaving the beast to suffer and slowly perish in the hot sun. Yesterday when seen by the humane society agent, the animal was still alive but had been blinded by the flies and was gradually dying. Since Sharrod left the horse, the people living near by have carried water and food to it, and yesterday Hanthorn left instructions for the road supervisors to kill it.

Hanthorn returned to the city and filed an affidavit against Sharrod, who will be arrested and prosecuted for his treatment to the dumb brute. The penalty for such an offense is not more than \$200 fine and not more than sixty days imprisonment.

Constable Mumagh and Howard Hanthorn left about 2 o'clock this afternoon, for Sharrod's home, with the warrant for his arrest.

UNDER A STREET CAR.

A Bicyclist Dragged Across a Street Last Evening.

The Car Struck a Rider at Main and Kibby Streets—His Miraculous Escape.

About 7 o'clock last evening Scott M. Robinson, an employee at the Solar refinery met with what might have been a serious accident while learning to ride a bicycle. He rode the cycle down Kibby street and turned onto Main directly in front of street car No. 1, in charge of motorist Thomas Simpson. Almost before Robinson realized his danger he was struck by the car and knocked across the track in front of it. The motorist reversed the power but before the car could be brought to a stand still it had again run onto the unfortunate bicyclist who retained presence of mind enough to grab the guard in front of the wheels and save himself from being run over. When the car stopped he crawled out from beneath it unassisted. Both of his feet had got under the wheels and his shoe soles were torn off, but, with the exception of a few bruises, he was uninjured. The bicycle was wedged under the front end of the car but was only slightly damaged.

QUEER ACTIONS

Of Frank Paulin While Suffering from Temporary Insanity.

About 7 o'clock last evening, while an Italian harpist was playing in front of the City Book Store, Frank Paulin, one of the listeners, was suddenly taken with a fit of temporary insanity, which he is subject to, and, going to a hitching rack near by, unfastened a horse, led it to the harpist and attempted to lead it to the harpist, much to the discomfort of the musician and the amusement of the large crowd of spectators, who were attracted by the strange actions of Paulin.

Policeman Lehman appeared at this juncture and led Paulin to the police station and seated him in a chair. He ordered some refreshment at first but soon recovered but remembered nothing of what he had done.

Mr. Paulin's unfortunate condition is due to an accident with which he met several years ago and was seriously injured about the head.

WITH A HATCHET.

A Drunken Wife Assaults and Wounds Her Husband.

About 2 o'clock this afternoon, Chief Haller received a telephone message to come to Greenlaw avenue, near the C. & E. freight house, where a woman was reported to be assaulting her husband with a hatchet.

When the Chief arrived at the scene he found patrolman Blair already there with the man and woman both under arrest.

The couple proved to be Mr. and Mrs. Isaac Clumber, who live in a shanty at the end of Greenlaw avenue. The wife was drunk and had assaulted her husband with a hatchet.

In attempting to prevent her from hacking him the thumb was almost cut off by his left hand.

Both were brought over to the police station.

Both were locked up as they had been drinking. Clumber said they had a gallon of whisky in the house.

Races at the Fair Ground Track To-morrow Evening.

There Will Be Two Two-Mile Races and Several Shorter Ones.

The Lima Cycling Club races at the Fair Grounds track each Wednesday evening are the source of entertainment to a great many of the friends of the club, and each meeting night the interest seems to increase. The crack local riders are in the races and doing a good amount of training, and to-morrow evening promises to be the best of the series. The following program will be given, commencing promptly at 6:30 o'clock:

No. 1.—One mile, open to everyone who rides a wheel.

No. 2.—One-fourth mile, open to club only.

No. 3.—Half-mile, fat boys under 16 years.

No. 4.—Two-mile handicap, free for all.

No. 5.—Two mile lap race, for club only.

As few understand what a lap race is it is explained in this manner: In a two-mile race there are four laps or laps. The first man crossing the tape on the first lap scores three points, the next two points, the third one point. On the second and third lap the same score is made. On the last lap the first man in scores four points, the next two, and the next one. The man scoring the most points wins the race.

The following members of the club will officiate:

Sim Stewart, Referee.

A. C. Creps, Clerk of the Course.

W. H. Snider, H. D. Campbell and E. Rudy, Judges and Timers.

Dr. Steiner, H. H. Harsenstien and H. P. Boel, Handicappers.

No charge is made for admission to the grounds or the grand stand, and everybody is invited to witness the sport.

PROBABLY A FRAUD.

Monroe Township People Being Worked by a Photograph Scheme.

A strange young man has been going through Monroe township taking orders for enlarging pictures, charging from fifty cents to one dollar for the same, and collecting the money in advance. He has collected two or three hundred dollars in this manner. He claimed that his headquarters were with a photographer named Baker, who had a studio in Lima, and that he was starting up and hereafter the same pictures would cost from \$2 to \$2.50 each. So far as can be ascertained there is no one by the name of Baker in Lima in the business represented, and the people have begun to think they have been done up.

WELL ATTENDED.

The Water Carnival Witnessed by a Good Crowd.

The water carnival at McCullough's lake last night was witnessed by crowd of seven or eight hundred people. There were about twenty boats in the parade on the lake, they being illuminated with Chinese lanterns, producing a very pretty effect as they floated about on the water.

The Lima City Band, Ocean Mandolin Club and a quartette furnished music, the latter being upon the water, where their dissonant sweet music. During the evening there was a display of fireworks.

The prize winners were Miss Wava Roberts, Chas. Zimmerman, Miss Kelly and the members of the Lima base ball team, who combined their talent, and fitted up a boat.

A DELPHOS GROCER

Successfully Adopts the Tactics of His City Tormentors.

A grocer at Delphos was annoyed by the incursions of tramp grocers soliciting orders from alleged Dayton firms. The Delphos man lost some of his best customers, who paid to the Dayton solicitors, on an average, better prices than he received over his counter for goods of the same grade.

One friend decided, after a session, that Delphos grocers are just as well qualified in every way to sell selling licks and take big orders as the gentlemen from Dayton. A new light had dawned on his mind and in a few days John Jenkins and Robert Patten, representing "The Farmers' Supply Company," of Chicago, were visiting every farmer near the canal town, taking orders for goods from their great money-saving combination.

The day of delirious came and so great was the stock of goods on hand and ready to go out that a warehouse was used to accommodate The Farmer's Supply Company and their farmer friends. Teams stood in rows waiting their turns and idle grocers stood on the sidewalk cursing the men from the windy city. Finally, says one of the idle Knights of the Scoop, "Where did these groceries come from? There are no freight trains on account of the strike. Where did they get these supplies? These questions were put to the man in charge of the warehouse. "By express, of course," was their ready reply. But an investigation proved that no such consignment had arrived by that means of transportation.

Finally the mystery was solved. An up-town grocery was almost empty. A convention of the Northwest Ohio Volunteer Fire Association could not have removed the contents of the shelves more carefully and completely. Here was the headquarters of the great and only Farmers' Supply Company, of Chicago. By a cute trick a Delphos dealer had made the greatest sale of his life. And farmers in that locality are staying home from Sunday school, sitting in the shade and roasting on the fence, telling of the bargains they got from the great company at Chicago.—Van Wert Bulletin.

Base Ball To-morrow.

The Lima base ball club will play against a club from Cincinnati, under the management of Bert Walker, the well-known wrestler, to-morrow after-

noon, Thursday and Friday. Faurot, the Lima phenom, will pitch to-morrow's game. Hines will catch him. The club holds the Cincinnati championship and will positively be here. Donovan, catcher of the Mantle team, is expected here to-night. He has been signed by the Limes.

The Midway Reproduced.

The management of McCullough's lake will put on another attraction next Thursday evening, which will no doubt be one of the most unique and laughable entertainments ever produced in this city. It will be called "The Spectacular," and the "Midway Reproduced on Water." Prizes will be given for the best decorated boats and for the most unique and comical costume of all nations. There will be twelve international beauties and all the Midway people will be represented. There will be a daylight parade and an illuminated one. Boats for decoration will be given free of charge. A concert will also be given by the Lima band.

MARSH & HELM SELL OUT.

One of the Big Dry Goods Houses of the City Changes Hands.

This afternoon Marsh & Helm closed a contract with Mr. Theo. D. Wilhelm, of Wooster, for the sale of their big dry goods store in the Metropolitan block. The store will be closed this evening for the purpose of inventory, and will not be re-opened until it passes in the possession of the new proprietor.

ANOTHER ROBBERY.

Robert Zimmerman's Residence Burglarized.

Early this morning as a man named Wilhelm was passing an alley near the old cemetery he discovered a pair of pantaloons lying on the ground. The pockets were turned wrongside out and a bunch of keys and ten cents were found lying on the ground near by. They were turned over to policeman Baker who took them to the police station where they were identified by Robert Zimmerman, who said that the pants were stolen from his horse near the paper mills, last night. He also said that the keys and ten cents were all that the pants contained, consequently the thief got nothing.

Thrilling Scene at McCullough's Lake Last Night.

A Boat Filled With Pleasure Seekers Takes Fire—The Occupants Saved.

During the procession of decorated boats in the water carnival at McCullough's lake last night, the decoration of a boat occupied by Mr. and Mrs. O. W. Roach and Miss Wava Roberts, caught fire, and as they consisted of Japanese lanterns, tissue paper, bunting and other inflammable material, the boat and occupants were soon enveloped in flames.

Mr. Roach called for assistance several times, but the occupants of the other boats were too excited or were unable to render any assistance.

Seeing Miss Roberts' dress catch fire, Mr. Roach, who retained his presence of mind, took the ladies in his arms and, throwing them through the flames into the water sprung in after them.

Very fortunately Miss Roberts had recently learned to swim was able to take care of herself while Mr. Roach kept his wife's head above water, she being unable to swim, until assistance arrived and the three were rescued and safely landed ashore.

Miss Roberts was only slightly burned and excepting this and a good dressing the three were none the worse for their experience. The accident happened about one hundred feet from the shore where the water is eight or ten feet deep.
